Our Services

Domestic

Domestic jobs continue to astonish our endurance around creativity and efficiency for lights and electrical implementations.

Commercial

Commercial jobs are also our speciality and we continue to deliver on time and on budget in a very efficient and productive way.

Industrial

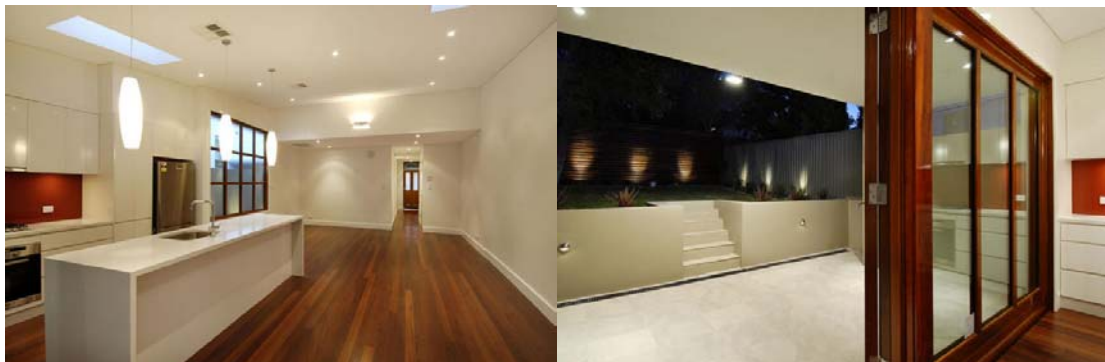

CMPC Electrical team are more than competent in delivering projects at medium to large scales with our personnel focus and determination for our achievements.

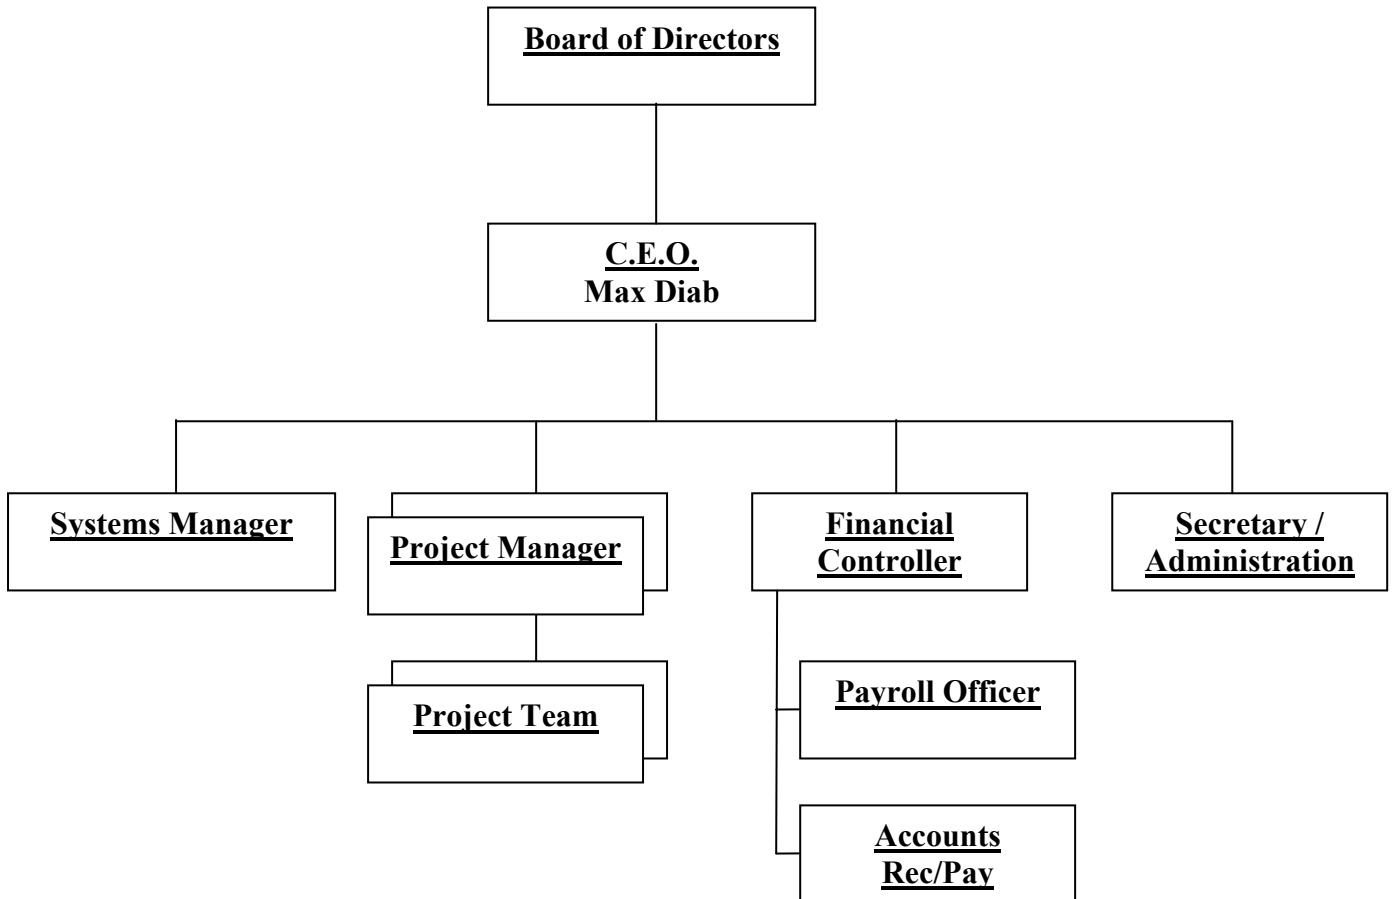

In addition to the Electrical Engineering, Design and Construction works associated with the industry requirements, we offer our clients the service of organising and coordinating any local council documentation, certification letters, overhead and underground connections and disconnections.

We also extend our services to the areas of Clipsal C-Bus, Dynalite, Control 4, Home Theatre, Audio and Video Intercoms, MATV and PAY TV systems, Alarm installation, ducted vacuum systems and mechanical ventilation design and installation.

We have a strong partnership with wholesalers of luminaries and thus are able to supply light fittings as part of our tendering process.
